Spring Break Expectations:

With the addition of Montgomery County athletes, we have a total of 23 different schools in our program with 5 or more differing spring breaks. Director Nix and the coaching staff have established the following policies based on our expectations of you and your commitment to our program. If you plan to take a Spring Break trip expect that your boating will be affected. Whether you are vying for a seat in the 1V or the 1Novice boat, your attendance at practice is crucial. Here is the Rule: 3 unexcused absences will result in you being excluded from the regatta following your absences. In other words, once you hit the threshold of 3 absences (unexcused), you will be penalized. Spring Break does not constitute an excused absence. If you are planning to go a Spring Break Trip or have other travel plans, please let us know so we can plan accordingly.

Prom

We recognize the importance of major school functions such as Prom, however we also know that the sport of crew is the ultimate team sport. We are a competitive program and every tenth of a second counts. You entrust your coaching staff to put the fastest lineup on the course, in return we expect you to race that lineup even when it means sacrificing events such as Prom. Please do not put your coaching staff in an uncomfortable circumstance, instead show your commitment to your teammates to go as fast as you can for them each and every day you compete for AJR. If your prom interferes with a Regatta and you plan to attend it, please let us know so we can plan accordingly.
